Hiring Manager

Daktari Media Africa

[Company Address]

[City, State, Zip Code]

Dear Hiring Manager,

I am writing to express my interest in the Software Developer Intern position at Daktari Media Africa as advertised. With a Bachelor of Science in Computer Science from Kabarak University and a minor in Javascript from Code Academy, I have developed a strong foundation in programming languages such as C++, C, Java, and web technologies like MySQL. My experience as a tutor, where I successfully helped classmates excel in Data Structures and Object Oriented Programming, showcases my ability to explain complex concepts effectively and support others in their learning journey.

My technical skills combined with my coursework in SQL, HTML, CSS, and Oracle align closely with the requirements outlined in the job description. I am excited about the opportunity to contribute to the development and maintenance of innovative healthcare technology solutions at Daktari Media Africa. I am confident that my passion for technology, problem-solving mindset, and willingness to learn make me a suitable candidate for this internship role.

Thank you for considering my application. I am looking forward to the possibility of discussing how my skills and experiences can benefit the dynamic team at Daktari Media Africa. Please find my resume attached for your review.

Sincerely,

Annabel Blessing Mabonga
